UC email account- UConnect

- All communication from UC, faculty (instructors), directors, program staff, etc. will be sent to your UConnect email account, per UC policy.
- New students go to www.mail.uc.edu to set it up. You will need your central user log in name and password. **Once you have set up your email account, please make sure you input it into your “Personal Information” in Blackboard.**

Change of Contact Information

If a student has a change of name, address, phone number or e-mail during her/his time as a UC student, the student should go to OneStop to update the University contact information. **The student should also notify the Program Manager and Program Coordinator.**

UC Health Insurance

- Distance Learning Students are **not** eligible for the health insurance.
- New students should select “Waive Coverage” or “Waive at a Later Date” if you receive a message to opt for coverage.
  - If you show a bill on your account or are unable to waive coverage contact:

  **UC Health Insurance Services for assistance at:** 513-556-6868 or studins@ucmail.uc.edu

Inclement Weather Policy

CAHS Weather Related Protocol When inclement weather threatens the safety of the University of Cincinnati community, the Senior Vice President for Administration and Finance may invoke University Rule 3361: 10-55-01 and declare an emergency closing. The College of Allied Health Sciences will observe the university emergency closing protocol for all on-campus classes. During a university emergency closing, all college offices will be closed. CAHS CETIS will be available online 8:30am-5:00pm to monitor the cetishelp@uc.edu email account as well as the online ticketing system. If you need assistance during the closure, please send an email and/or request a phone call. Students should clarify with their course instructors how the closure will affect assignments and deadlines, and whether class information from the missed session(s) will be posted on Blackboard, and/or if the class will meet virtually during the closure. Given that the Master of Health Administration program is taught entirely online, all classes will continue as indicated in the course syllabi unless instructed otherwise by the instructor.
