Summer “R” Clinic 2016

This is a summer speech program for participants who have trouble saying the “R” sound. It includes the use of ultrasound as visual biofeedback during speech therapy. This therapy is also a research study that requires your permission. You may choose to receive the therapy without being in the research study. A fee is charged for this therapy, and a deposit is due near the time of registration. Please call 513-558-8503 for prices.

There are three sessions to choose from:

**Traditional Intervention Schedule**

**Session 1: June 6 – August 5**

This is a traditional 9 week intervention program, with students attending therapy for 1 hour, one time a week.

Ages 8 to 18
- 9 therapy sessions (1 x weekly), same time each week for each participant.

**Two week Intensive Intervention Schedule**

**Session 2: June 13 – 24**

**Session 3: July 11 – 22**

These are 2-week 10 session programs. The student will attend therapy for 1 hour five days a week for ten days.

Ages 8 to 18
- 10 therapy sessions (Mon. through Fri.), same time each day for each participant (must commit to attending all 10 sessions).
